

Update To Our Valued Customers,

We are committed to offering you the highest quality products in a safe shopping environment.

To ensure that social distancing of 6 feet is possible for you and our dedicated staff, **we are limiting the number of customers in the store.**

Our wholesalers have been unable to fulfill our orders as needed. **To ensure as many as possible get needed supplies, we are limiting purchases of certain products to two of a kind, including** Eggs, milk, cheese, chicken, toilet paper, paper towels, disinfectants, water, frozen vegetables, frozen fruit, tortillas, rice, pasta, cheese, cold cuts, frozen pizzas, frozen entrees and other items as necessary.

To restock our store and to facilitate our increased frequency of store cleaning, we have shortened our hours to 8 AM to 7 PM daily.

We are working closely with our suppliers to ensure the availability of high-demand items, such as hand sanitizer, disinfecting wipes, and cleaning supplies. Manufacturers of these highly sought-after products have been moved to an allocation model of distribution, so supplies are limited. **If you have and use your own supply it will help us extend our supply until product becomes more available.**

We would appreciate you use credit/debt cards rather than cash.

There is nothing more important to us than you our customer and our staff.

We appreciate your understanding during this difficult time.

The Draeger Family
